To Whom It May Concern:

Andrei Balint was a member of my staff for three years on the global Creative & Content team at Dynata, where I manage an internal creative agency as the Senior Manager, Creative & Content. During this time, he was a valuable member of the team.

Andrei's passion for design and creativity combined with his bright personality were assets to the team. During his tenure, he was responsible for a variety of projects including the design of a variety of digital marketing assets including but not limited to web banners, emails and infographics, as well as front-end development for our many web communities. Andrei's can-do attitude and willingness to assist with any task never wavered. In addition, he is extremely motivated and highly interested in learning new skills. To this end, he was always willing to explore a new tool, help a fellow team mate, participate in the ideation process or tackle a new project.

Andrei is relocating, and, unfortunately, we will no longer be lucky enough to have his services. He will be missed and I highly recommend him to any future employer or volunteer organization. Andrei will make an exceptional addition to any team.

Sincerely,

Breanna Clemens
